

**ARMY PUBLIC SCHOOL,
RK PURAM, SECUNDERABAD
Subject: ENGLISH
Grade VII
PT- 1 (Portfolio & SEA)**

1. PORTFOLIO (5marks)

Write your opinion about your favourite lesson of English from PT-1 syllabus.

Ans. My favourite lesson in the PT-1 is 'Gopal and the Hilsa-Fish'. It is because this lesson is a fusion of both cleverness and ridiculousness(funny). The clever part of this story is when Gopal decides to half-shave, smear his face with ash and dress up in dirty rags. The ridiculous part of the story is when he goes to the market to buy the Hilsa and people regard him as comical, mad and mystic. It continues when he (Gopal) goes to court. The king and courtiers are filled with disbelief as they regard Gopal with his dirty rags, half-shaven beard, ash smeared face and think it's one of his comical jokes. And again, the clever part comes into play, the king asks him why he is dressed in these dirty rags and Gopal, with an outstanding performance, reminds the king about the challenge he had thrown at him.

2. SEA (Subject Enrichment Activity) (5 marks)

Write a paragraph on any one of the given topics:

1.The best thing about me is... (Hint- why you consider yourself the best)

OR

2. My greatest fear

Ans. My topic is: *The best thing about me is*

Is my ability to create games (Outdoors) out of nothing. My friends, sister and I often create our own games when we feel bored. Some of them are: Gun Touch, Spy Games. We also sometimes create our own Movies. I pride myself on my reading skills. I have a library of books which I have read many times. I also have a very persuading ability on my friends when I try to tell them to do something. I have many hobbies such as coding, reading, eating, playing, science experiments, dancing, singing,

etc. I have a few favourite subjects: Social Studies, Science, Computers, Dance, etc. I want to become a professional coder when I grow up. In my family, I am regarded as the person who is good at origami.
